

## FOR HEALTH AUTONOMY AND REPRODUCTIVE FREEDOM

Right-wingers love to talk about life, but all they really believe in is control. They want governments to control the bodies of other people. They want to take away our ability to decide what to do with our bodies. They want to decide who gets to be where. They want to keep us in these narrow boxes of "man" and "woman", to punish those who stray outside the boundaries, and to take away freedom and health care for those they call "women." They want violence, harassment, and death from lack of reproductive health care.

We want the law to be silent about our bodies. We want to decide for ourselves who we are and how we are in the world, and how we care for our bodies. We want to decide what goes in our bodies and what leaves them. And in the meantime, we want to protect those clinics that treat us with care and dignity, that offer vital services to us and our friends.

And if fascists or proud boys or patriot prayer or anyone else turns up to harass the patients and clinicians at the few places we can obtain meaningful health-care, we'll be there to fight them off.

## **AGAINST FASCISTS, SEXISTS, AND THEIR FELLOW TRAVELERS**

Patriot Prayer are fascist-enabling scum. Joey Gibson and his band of hate-mongering "street preachers" spend their endless free time traveling up and down the West Coast spewing racist, patriarchal bile. While they claim to only believe in "love" and "free speech", they loudly proclaim their anti-immigrant, racist, sexist views, attack anti-fascists, and befriend well-known neo-nazis and white supremacists. Joey Gibson and Patriot Prayer frequently associated with Jeremy Christian, the white supremacist who murdered two people in Portland last May after harassing two young women of color. They actively collaborate with neo-nazis and white supremacists to organize events, and then brag later about beating up counter-protesters.

Joey Gibson claims he was asked by the regular band of anti-choice protesters in Olympia to come and help this Friday. Anyone who asks Patriot Prayer for support should know that they are asking well-known racists and fascist sympathizers for assistance.
